As the largest organization to represent a single Olympic equestrian discipline, USDF provides access to the most dedicated of equestrian athletes. Not only do these athletes demand the best for themselves, whether it be in the barn or riding down the centerline at the US Dressage Finals, but USDF members also spare no expense when it comes to their equine partners, always interested in the newest innovations, supplements, medications, and products related to maintaining a happy and healthy horse. Most USDF members exhibit a lifelong dedication to the sport, even after their competitive career has ended, through their continued roles within the industry and by using their experience and influence to guide the sport into the future. In addition to serving as trainers, breeders, officials, and educators, these influencers also make up the dedicated volunteers who not only keep the sport alive through their hard work on the ground and in our communities, but also steer the future of the organization as whole, through their roles within USDF’s governance. It is because of these dedicated members that USDF is looked to as the authority on dressage in the US. With nearly 30,000 members, over 100 affiliated organizations, and a plethora of educational programs, USDF is the go to destination for dressage education, competition, and achievement.

“We have always had a wonderful relationship with USDF. We have found that USDF members have a proven track record of dedication to the sport and the well being of the horse.

The nature of dressage necessitates the need to sustain their equine partners through a long-term competitive career. Because of this, they view their equine athletes not only as partners, but also investments, making USDF members the perfect consumer for our equine products.

USDF Connection and related digital properties have consistently provided us with the perfect opportunity to connect with long term customers.”

-Kathy Sedlak, Assistant Vice President Great American Insurance

Among American dressage enthusiasts, United States Dressage Federation members are unquestionably the most committed. To further their equestrian educations, in pursuit of their competitive goals, and to support the sport they love, they have chosen to become part of our country’s only national dressage organization and its affiliated local and regional dressage associations.

USDF members—from Olympic-level competitors to eager new enthusiasts—share a common passion: to become the best dressage riders, trainers, officials, and horse owners they can be. They seek the best possible training, care, and equipment for their horses and themselves, and they have the dedication and the resources to pursue their quest for a “10.” The USDF’s award-winning magazine, USDF Connection, and the accompanying stable of USDF digital and social-media outlets help USDF members learn, share their journeys, and celebrate their achievements in the sport of dressage.
