

REGIONS CUP COMPETITION

The 2019 US Dressage Finals hosts the Fifth Annual Regions Cup Team competition! There is one regional team per USDF region which consists of three athlete/horse combinations. The top scoring eligible athlete/horse combination from the Training/First Level and the FEI Level Regional Championships classes, and the highest scoring eligible adult amateur athlete/horse combination from the Second through Fourth Level Regional Championship classes from each region will make up a team. Reserve athlete/horse combinations will be substituted only once the athlete/horse combination they would be replacing has withdrawn from the finals class(es). The winning team is determined by averaging the highest final scores achieved by each athlete/horse combination in their US Dressage Finals class. Those athlete/horse combinations which are participating in the 2019 Regions Cup Competition are as follows:
